BATE JUDGE.

to his care.

blackberry cordial in the market.

Court House. The owner can obtain
the same by calling at the County
Clerk's Office.

Goods AT COST, to make room
for a large fall stock, and invite our
friends, and the public generally, to
call and examine for themselves. No
rouble to show Goods, at Post Office,

Deputy Browning informs us that
there are 28 organized granges in Holt
county with an average membership of
48. One-third of these are ladies.

Urban Rostock, son of F. S. Rostock,
er, whilst engaged cleaning a well,
fainted away, being overtaken by foul
air. With difficulty he was taken out
of the well, and layed senseless for
quite a time. He is now better.

The administrator's sale of the
personal property of Joel Baldwin,
deceased, which took place at Forest
City on the 4th instant was, very well
attended. The cattle brought from
\$12 to \$18.75 per head.

Our report of the Granger's Pic Nic
at Sharps Grove, on the first, is laid
over for want of room. It was a glo-
rious outpouring of the masses.

Prof. Price and lady, of Leaven-
worth, Kansas, gave a concert at the
Court House last Tuesday evening.
The music was fair considering the hot
weather, but the audience was slim.
The two evenings previous to the
concert Mr. Price lectured on spiritual-
ism, to thin audiences.

Important to Medical Stu-
dents.

The trustees of the Louisville Medical
College Louisville, Ky., appreciating the
impoverished condition of the whole
country, have determined to grant a
Beneficial Scholarship to any young
man, who, sufficiently educated to
study medicine and of good character,
is unable to pay for his education. To
secure this valuable aid, application,
with a full statement of the facts, should
be made without delay to Dr.
E. S. Gaillard, Dean, Louisville, Ky.

Threshing Machine Smashed!

One day last week whilst threshing
wheat for Messrs. Hale & Miller in
Africa settlement, our friend John
Cherlet met with the accident of having
his machine badly damaged. In
throwing sheaves upon the pile of the
machine the pitchfork came off the
handle and got between the cello and
concase, breaking off seven teeth and
damaging nine others. The
wheat was no more threshing on that day.
Our informant says the pitchfork
has been replaced, and the machine is
again in first-rate running order.

Missouri Valley Cattle, No.

The officers of the grange are as fol-
lows:

Geo. Carver, Secretary.

John B. Butte, Assistant Steward.

Wm. Munson, Treasurer.

C. L. Hoffman, Secretary.

Eliza Hulst, Pomona.

Sabrina Philbrick, Flora.

Billy Munson, Stewardess.

Holt County Items.

Joseph Glick, who resides in Liberty
township, is now completing one of the
largest and best barns in that part of
the county. There are sheds built to
the north, south and east. Mr.
Glick has set an example to many of
his neighbors who are also in need of
better barn facilities.

For the quarter ending July 31st,
the Holt County Court paid for 2086
gopher scalps. At this rate it won't be
long before they will be extinct. So
note it be.

Our friends at Bigelow are glorying
in a new side-walk. It is built of
lumber and extends from Messrs.
Fleming & Dean's corner, by "Square
No. 1" to the corner of the "Square
No. 2" and the "Square No. 3". A much needed im-
provement.

The members of the Christian
Church, held a basket meeting in the
grove near Forest City, Mo., on the
3rd day of August. Several hundred
persons were assembled, the preaching
by Elders Cartwright and Haley was
excellent, and the best of feeling and
order prevailed during the whole day.

A basket meeting under the aus-
pices of the M. E. Church will com-
mence to-morrow, August 8th, at the
grove near Peirce's school house. Rev.
O. Williams, pastor.

One day last week the Nodaway
took a sudden jump and rose two feet.
The citizens near the stream noticed
the rise. The rise was occasioned by
a heavy rain in the southern tier of
counties in Iowa, near the sources of
the Nodaway. The Missouri also
took a notion to swell up several days
this week.

Thursday afternoon the 30th ult.
the lightning struck three trees, two
oak and one linn, near Mr. Fred. Hoff-
man's residence, 4 miles southeast of
Oregon. The electric fluid set one of
the trees on fire, burning it to the
ground. The glare of the flames of
the burning tree attracted the attention
of the members of Mr. Hoffman's
family.

S. C. Rose, Esq., of Omaha, has
been in this part of the county for a
week purchasing fire-wood for the use
of the government. He bought of
Messrs. Shirley & Taylor, of Forbes,
2,150 cords. The wood business is
brisk at Forbes Station.

The frame-work of Messrs. F.
Meyer's & Dr. Johnson's grain elevator
at Craig was put up last week. It will
take five weeks more, Mr. Meyer
says, to complete the elevator, put in
the necessary machinery, &c. It is a
structure of 20 by 50 feet, and is lo-
cated east of side-track, in the upper part
of town. Mr. C. H. Thayer is the boss
carpenter.

Rain is still needed very much.
Many of the water mills in the county
have been obliged to suspend grinding
for the want of sufficient water in their
mill-races. Calvin Shull's mill at the
Turkies Narrows, C. M. Williams's
mill at the upper Turkey, and Joseph
Anclum's mill at Nichols Grove, are
running now only semi-occasionally.

In company with Prof. Vickroy we
the other day went through Geo. P.
Luchard's nursery, northwest of the
city limits. It is the most extensive
nursery in the West and we noticed
some of the finest varieties of fruit trees
in the country. We were especially
struck with an apricot tree, which pro-
duced this season five bushels of that
delicious fruit.

requested to attend.

By order of the Council
JOHN SCHIRANTZ, Sec.

July 27th, 1874.

Nic, Seaside School House, on the 25th

Camp Meeting.

The St. Joseph District Camp Meet-
ing of the M. E. Church, will be held
on the district camp ground, six miles
southwest of Maryville on the main
road from Maryville to Graham,
commencing August 20th, 1874.

The location is a good one. By the
sinking of wells, an abundance of good
water has been obtained. A boarding
house will be on the ground, where
board will be furnished at the follow-
ing rates: \$3.50 per week, \$1 per day
and 10 cents per meal.

There will be a corral also where
horses will be well cared for at reason-
able charges. We hope to see a large
attendance from the bounds of Oregon
and Mound City circuits.

S. W. THORNTON, Supt.

Severe Accident.

On Friday afternoon whilst Mr. Dan.
Hogan, who resides some three miles
north of Craig, was on his horse
driving him to work, and when near
his residence, fell from his horse
breaking a tree of his right rib, a dog
was chasing a cow, causing the af-
frighted animal to run against Mr.
Hogan's horse. The horse stumbled
throwing its rider on the ground, which
at that point is of a standing nature.
Mr. Hogan had about his person a cow-
bell upon which he fell with his
side, with the result as above stated. We
learn from Dr. J. L. Johnston that the
patient is doing as well as could be
expected under the circumstances.

A New Cornet Band.

The world is getting musical. Our
sister town of Graham has received a
set of 12 instruments, nine horns, two
drums and a pair of cymbals. These
instruments were procured through
Mr. H. V. Lee, of Oregon, of Martin
Paulman & Co., manufacturers of mu-
sical instruments, New York. Mr. Mun-
son, of the Oregon Ladies' Cornet
band, has been employed to instruct
the new band. Mr. A. C. Snider, of
Graham is going to be the leader.

Bad County Bridges.

There are three county bridges near
the Squaw Creek school house in Lib-
erty township, that are not safe to
cross with a team. The one near E.
C. Blackney's residence is not in a pass-
able condition at all. One of the above
alluded to, our informant says, is
"broke in two in the middle. When a
team and wagon ventures across, one
end of the bridge will flop up whilst
the other end will flop down." This,
in fact, is a fearful state of things, and
calls loudly for a remedy.

Walnut Grove bridge, which crosses
Squaw Creek, and which, north of
Mound City, is a bad one. Mr. Perry Norman
attempted to cross the bridge with a
load of sheaf wheat. The bridge is
low down, and the approaches to it
nearly perpendicular. There being no
other way of getting across the stream
Mr. Norman ventured to drive on the
dilapidated structure. The team and
wagon got on the bridge "about," and
the result was, the wagon broke break-
ing the king bolt, tearing the harness
all to pieces, and the team and wagon
came near precipitating into ten feet
precipice.

The attention of our country fathers
is prayerfully directed to these poor
bridges. They are all located on a
road overseer's district.

Michael Fitzgerald, proding Justice
of the County Court of Buchanan coun-
ty, was arrested last Monday on the
charge of forging a warrant on the
county of 4500. He claims that he
bought the warrant of an unknown
man at Jackson depot. There he ob-
tained five funds in the county treasury,
and he had the warrant discounted at one
of the city banks and got the money on
it. It was afterwards discovered that
no such warrant was ever issued and
that the county clerk's name was for-
ged. Fitzgerald acknowledges that
the signature is in his own hand-
writing.

PERSONAL NOTICES.

C. Rafterton, Esq., the genial cor-
respondent of the St. Joseph Herald,
came up on Monday and favored the
SENTINEL office with a call. The
interesting papers he had written
about Holt county, and which were
published in the paper he represents
and also in the SENTINEL, have done
much in directing public attention to
this beautiful part of Missouri.

—E. J. Steele, of central upper Holt,
passed through here with a load of
wool to Kanke's Woolen Factory. He
favored us with a call and renewed
his subscription.

—Miss Emma Kimberly, of St. Joe,
who last season taught Department
No. 3 in our graded school, returned to
this city last Tuesday, and is in attend-
ance on the Normal Institute.

—Charles E. Barnes, attorney-at-law
and notary public, Mound City, Holt
county, Missouri, was in town on Tues-
day and looked into our office.

—Charlie Strain, traveling agent, of
the Mound City Spy, favored us with
a glimpse of his youthful countenance
one day this week at our sanctum.
Call again, Charlie!

—Mr. Thompson D. Frazer, retired
merchant of Bigelow, is spending the
hot season in the Mountains of Penn-
sylvania, his old home. The last we
heard of him was that he was in Cum-
berland county attending a camp
meeting. A good place to go to, and
one we hope, Tom will not have gone
to in vain.

—Mr. James Queen, of Bartlett,
Iowa has been sojourning in our midst
for the last three of four days and is
taking a look at our county. He has
been temporarily stopping with his an-
cient friend, Henry Long, at the Big-
elow Hotel.

—Mr. A. P. Davenport, of Craig, has
just recovered from a severe spell of
illness. He is now in the city, and is
now contracting for the erection of a
grain elevator, 22 by 40 feet, to be
located in the lower part of town, and
to be completed sometime this fall.

August 14th and 15th.

"The Farmer's Daughter," followed by
the side-splitting farce "Limerick Boy."

SECOND EVENING: A series of select
readings followed by the farce "A
Regular Fix."

Exercises of both evenings will be
interspersed with the best vocal music.
A full orchestra has been secured.

FRANK W. JOSELYN, manager.

H. V. LEE, asst. manager.

H. S. GARDNER, stage manager.

For further particulars see small
bills.

Mr. Gardner, of Savannah entertain-
ed our citizens last Friday night by a
series of demonstrative elocutionary
readings, that he only knows how to
do. The occasion was enlivened by
music furnished by an improvised
choir of young ladies and gentlemen.
Mr. Gardner is a promising young man
possessing considerable dramatic
talent. If he should continue his pres-
ent avocation, we doubt not he will
catch up with McCready, Booth, and
Forrest.

Preparing for the Holt County
Fair.

The Board of Directors of the Holt
County Fair, held their first meeting
Monday. A great deal of work was
done preparatory to the holding of the
Annual Fair. The Directors mean
business, and are determined to make
this the most attractive Fair ever held
in Holt county. The premium list is
being extensively circulated through-
out this county and surrounding
counties. The citizens of the entire
county should lend a helping hand in
making the Fair a grand success.
Make your entries early this year, and
compete lively for a premium.

We are pleased to learn that since our
last number of our farmers, mer-
chants and mechanics have become
stockholders in the society, by paying
over the requisite sum.

Fair commences at Oregon, Tuesday
morning, September 1, 1874.
